## Brian Doggrell reports.....

By now I hope that you have heard the good news on DG Les. If not then here it is: As of 19<sup>th</sup> May he is in excellent spirits, learning to walk again, hopefully no more operations now, and he is at last beginning to make plans for going home from hospital.

## District Assembly 16th May

This was changed to a Saturday morning and I am pleased to say that it was well supported. The programme will be circulated to clubs by those attending as the year progresses.

We all wish DGE Sandy, ably supported by her husband David, and her new team every success in the coming Rotary Year.

## Young Chef National Final

On behalf of DG Les, I was pleased to open the National Young Chef Finals at the North Herts College in Letchworth and welcome RIBI President Ian Thomson. It was a well attended event and smoothly run by our District Youth Opportunities team with the assistance of the Hitchin Tilehouse Club. There were 8 finalists including Rebecca Mandall sponsored by Welwyn Garden City Club, and she came a very creditable third place. The first prize was a weeks holiday in Tuscany with visits to Olive Oil processing and Restaurants. The standard of food prepared and presented was worthy of any top London Restaurant and was judged by Chris Tanner (Tanners) , Andrew Turner (Host of Masterchef) , Andrew Parkinson ( Fifteen ) , Diana Anderson (Berlio Olive Oil – Sponsors) and Sara Buenfeld of BBC Good Food Magazine.

## Rotary Awareness Day 4th May

Middleton Hall, Milton Keynes  
Photograph by David Llewellyn

For the second year the Brickhills Rotary Club had a VERY successful day. Although there were fewer stands but still well supported by our Clubs as well as by District 1070 – Northampton/Bedford area. It was announced on local radio early in the morning which generated a few more shoppers.

The Stage area was professionally run by Milton Keynes Vibe which in turn made people stop and listen and give Rotarians the opportunity to talk to visitors. The theme of entertaining children meant that parents were happy to chat and gave us the opportunity to promote ourselves.

Last years event won the RIBI PR Communications Award and I see no reason why we should not win again.

Especial thanks to The Brickhills and Elizabeth Sheldon.

## Rotary Awareness Day - Milton Keynes 4th May

The theme for this years' Rotary Awareness Day was "Fight Polio with Purple Pinkie".

We addressed the question of membership differently this year. We were lucky enough to have Richard and Ann Jackson-Bass present all day. Richard is the new District Chair of Membership and we asked the clubs to handle all enquires themselves and keep us informed how they get along. There were over 85 enquiries for more information and Richard is handling those himself.

The number of genuine enquires on the day we received was 10. 3 of those were taken by the Brickhills. One enquiry we have passed to Rotaract and one we have taken on ourselves. This prospective member has already attended one meeting and plans to attend several

Les and his 'Purple Pinkie'

more and bring along a friend. We will follow these up and let you all know how they progress.

Members of the public really enjoyed they day, several phoning the hotline after the radio broadcast on Three Counties in the morning. Elizabeth was also interviewed by Bedford Community Television. A number of the public said they wanted to visit again after attending **last years' RAD, so the event is getting known.**

One surprise attendee was Tony Bacon incoming ROBI PR and Comms chair. He travelled up from Reading as he had heard Elizabeth talk so much about the event and he was very impressed. Talking about possibly putting on national events of this type.

**Let's try and do something like this in the South of the district.** Perhaps those clubs could work together to come up with a plan.

Elizabeth Sheldon

## We won a National Award

Andrew and Elizabeth Sheldon

In February the call came down from John Minhinick, chairman of the RIBI PR and Communications committee for nominations for the national PR event award. This award is for the event, that in the eye of the judges, has promoted Rotary in accordance with the set criteria. It was decided to enter the Brickhills club for the Rotary Easter Showcase that we put on in Middleton Hall last year.

A 45 page report was drafted and submitted to RIBI headquarters. One month later we had a phone call to say that we had won the award jointly with Stanford St Martins Rotary club.

Andrew and Elizabeth Sheldon travelled to National Conference in Edinburgh to receive the award. It was a very proud moment.

Andrew & Elizabeth, National President Ian Thomson & the joint winners from Stanford St Martins Rotary Club

...District Governor Les Lee called us from his hospital bed and said "I am very proud of you and the Brickhills Rotary Club for winning the award. I know how much work went into the event and I could not be happier that you have won this for us all. Thank you very much"

Honesty in politics is much like oxygen. The higher up you go, the scarcer it becomes.

Research has led to the discovery of the heaviest element yet known to science.

The new element, Governmentium (Gv), has one neuron, 25 assistant neurons, 88 deputy neurons and 198 assistant deputy neurons, giving it an atomic mass of 312.

These 312 particles are held together by forces called morons, which are surrounded by vast quantities of lepton-like particles called peons. Since the governmentium has no electrons, it is inert; however, it can be detected, because it impedes every reaction with which it comes into contact.

A minute amount of Governmentium can cause a reaction, that would normally take less than a second, to take from four days to four years to complete. Governmentium has a normal half-life of 2-6 years; it does not decay but instead undergoes a reorganization in which a portion of the assistant neurons and deputy neurons, exchange places. In **fact, Governmentium's mass will actually increase overtime, since each reorganization will cause more morons to become neurons, forming isodopes.**

This characteristic of moron promotion leads some scientists to believe that Governmentium is formed whenever morons reach a critical concentration. This hypothetical quantity is referred to as critical morass.

When catalyzed with money, Governmentium becomes Administratium, an element that radiates just as much energy as Governmentium since it has half as many peons but twice as many morons.

## Rotary Club of Wendover Cheese and Wine By Bernard Pritchard

Members of Wendover Rotary Club pictured at their first fund raising event, a cheese and wine tasting organised in conjunction with Messrs Waitrose

The new emerging Club at Wendover held their first fund raising event on 20<sup>th</sup> May, when they organized a Wine and Cheese tasting at the Memorial Hall in Wendover. The wines and cheeses were kindly provided by Waitrose and members of their staff talked about the samples offered.

Josefina Guruswamy, Jeanette Lee, Helen Salisbury and Bernard Pritchard

It is interesting to compare the range of cheese and wine during the course of a couple of hours rather than making a comparison with something you tasted last week. Also you meet wines that were a part of your life years ago - a Riesling, brought back memories of student and post student days when a wine from Yugoslavia was so popular!

It was an encouraging start for the members of the new club. There were more than 70 people present who, judging by the level of noise were having a good time. There was a raffle to help gather funds to provide a suitably inscribed picnic table and support for a hospice.

Coffee, tea and delicious cakes provided to end a most successful evening. Support was given by surrounding Rotary Clubs was much appreciated as it helped welcome Wendover into the Family of

## District Shop News

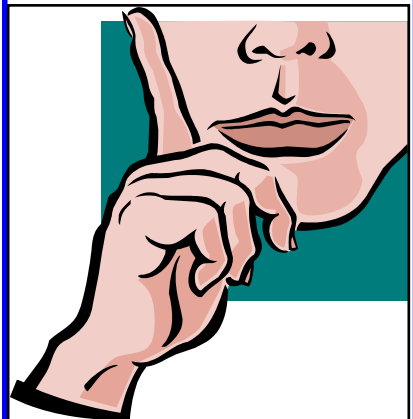

Presidents, Secretaries, Rotarians

The New Rotary Year will soon be **with us....**

Have you thought about Badges, New members packs, Tabards, Ties, Scarves, Brooches. Or, ordered stationery, to include Letterheads, Committee leaflets, The Club Constitution and the Manual of Procedure?

All these and much more, are available from your District Shop and can be mailed to you.

Contact:  
PDG Charles Chaney, 8 Mount Pleasant, Whitchurch Bucks, HP22 6DU.

# ROTARY CLUB OF SECUNDERABAD WEST

[Rotary International District 3150]

## Rotary the World Over - The Rotary Club of Secunderabad West

By Rtn Suryanarayana S V, Web-administrator

The Charminar, Hyderabad

Hyderabad & Secunderabad are the twin cities and familiarly known as Greater Hyderabad is the capital city of the Indian state of Andhra Pradesh. This high-tech city has a population of 6.7 million, is the second largest (in terms of area) in the country. Hyderabad is known for its rich history, ancient civilization and architecture representing its unique character as a meeting point for North and South India, and its multilingual culture, both geographically and culturally. Endearingly called the Pearl City and the City of Nizams, Hyderabad is today one of the most developed cities in the country and a modern hub of Information Technology, IT Enabled Services and Biotechnology.

The Salarjung Museum, one of the seven wonders of Hyderabad

Hyderabad's top ten tourist attractions are the world renowned Charminar, the massive Salarjung Museum (largest single

-man collection in the world); Golconda Fort; Birla Mandir; Balaji Temple; Husain Sagar lake; Lad Bazar - shops to sell bangles made of glass, lac, metal, semi-precious stones and pearls; Nehru Zoological Park, Osman Sagar-Gandipet Lake, Qutb Shahi Tombs; and the Ramoji Film City.

More info about this 400 year old city at: <http://www.hyderabad.org.uk>

Qutb Shahi Tombs

### Rotary Club of Secunderabad West

The Rotary Club of Secunderabad West is one among the 26 Rotary Clubs located in this historic twin cities of Hyderabad and Secunderabad, Andhra Pradesh State in South Central India.

The Club was chartered on the 4th February 2004. Membership is currently 40 in the age group 22-70 (including 8 women) and consists of business owners, lawyers, doctors, chartered accountants, company secretaries, software engineers and working executives. Members have decades of Rotary experience, serving with a variety of leadership positions in the Rotary District 3150 as well as other professional and service organizations.

Club Projects through the Rotary motto '**Service Above Self**'

Community Development Projects: Provided Linear Accelerator Medical Equipment costing US\$ 338000 to Indo American Cancer and Research Institute

-Hyderabad, installation of borewells, conducting eye camps and Intra-Ocular Lens (IOL) surgeries and cancer detection camps for ladies.

Community Service Activities: Such as distribution of food relief kits, tri-cycles for physically challenged, notebooks to students, saplings and school benches. The Club has recently under-

Imparting dignity to the physically disabled

taken 3 drinking water projects (reverse osmosis plants) at Bhuvanagiri Town Government High School (50 litres per hour), Government High School-Valigonda Village (50 litres per hour) and Mamdapur Village (500 liters per hour) in the neighbouring revenue District Nalgonda near Hyderabad. These community development projects offer pure and protected drinking water to the school children and the villagers thus keeping them free from fluoride diseases.

Our Club had sponsored 15 Tricycles for distribution from out of 500 Tricycles to the physically challenged on the 21st November 2008. This was a District matching grant project and the foreign partner was the Rotary Club of Minneapolis and other Clubs of RI District 5950 USA. The glow on the faces of the physically challenged persons once they were seated on the tricycles was an eloquent endorsement of the statement made by the dignitaries.

### Welcome to New Members

On behalf of District Governor Les, I am pleased to welcome the following Rotarians:

Helen George,  
Rotary Club of Rickmansworth

Moira Bryce,  
Rotary Club of St. Albans

Bob Maile,  
Rotary Club of Dunstable Downs

Jonathan Symons,  
Rotary Club of Bletchley

Robert Russell,  
Rotary Club of Wolverton and Stony Stratford

Kugan Achary  
Rotary Club of the Brickhills

### Dead Horse

The Dakota Indians observe that, if you find you're riding a dead horse, your best plan is to dismount. Unlike the civil service, which has other strategies: Appoint a Dead Horse Tsar to get the dead horse moving again; provide additional funding for all dead horses; Re-classify the dead horses as "living impaired"; Harness several dead horses together to increase their speed; Visit other countries to see how they ride dead horses; Re-write performance standards so that dead horses count as living; Declare that a dead horse is much cheaper to run anyway;

Courtesy of the 'Ware Wheel'

"YOUR legal questions answered", said the sign on the lawyer's office. A man facing a difficult business deal decided to seek advice.

"How much do you charge?" he asked. "It's £1000 for three questions", answered the lawyer. "That's a bit steep, isn't it?" said the man. "Yes it is", said the lawyer. "And what's your third question?"

Courtesy of the 'Ware Wheel'

Little Johnny and his family were having Sunday dinner at his grandmother's house. Everyone was seated around the table as the food was being served.

When little Johnny received his plate he started eating right away.

"Johnny, wait until we say our prayer."

"I don't have to," the boy replied.

"Of course you do," his mother insisted.

"We say a prayer before eating at our house."

"That's at our house," Johnny explained, "but this is Grandma's house, and she knows how to cook."

## Top Tip Text Search

Extract from Rick Maybury's Digital Dilemma column, *The Daily Telegraph*.

Internet Explorer, Firefox and most popular browsers have a "Find" or "Find on this page" search box option on the edit menu.

You can also use Google to search for a word within a web page - simply type the words you're searching for in front of the word "site" followed by a colon and the site's web address. For example, if you wanted to find the word "technology" in the *Daily Telegraph* website you would type "technology site:telegraph.co.uk" (without the quotes) into a Google search box.

There are more tips and techniques at:  
<http://tinyurl.com/cgfk4>.

With Firefox you can incorporate a Site Search facility into the Address box using Urlbar.ext  
<http://tinyurl.com/3w33fy>

Read Rick's blog online:

**2010**

## WHEELCHAIRS FOR ST VINCENT AND THE GRENADINES

By Paul Denton - The Rotary Club of Luton North

It was just 12 months ago that many of us were at the Alexander O'Neal concert and the fund raising that went with it. On the night there was great excitement on the dance floor, which was packed all evening. And then more excitement at the auction when the money kept rolling in.

**Alexander O'Neill**

But my involvement goes back three months further when, for a reason I cannot remember, I went to a meeting with John Ashton, Bill Henderson, Alan Corkhill to talk about the concert. By the time the meeting ended I had agreed to set up a computer system to deal with ticket sales and after the concert I thought that would be it. How wrong I was.

Since then I have exchanged 273 emails with: The Rotary Foundation; the Wheelchair Foundation UK; the Wheelchair Foundation USA California; the Wheelchair Foundation Canada; the High Commissioner for St Vincent and the Grenadines; the Presidents of the three Rotary Clubs in St Vincent and the Grenadines; the Mayor of Luton; Assistant Governor District 7030; District 1260 Grants Sub Committee Chairman; District 1260 International and Foundation Chairmen; and of course many Club Members. And yesterday I had the pleasure of meeting Hon Sir Louis Straker, Deputy Prime Minister and Foreign Minister of St Vincent and the Grenadines.

The meeting was at terminal 5 Heathrow Airport where he was changing planes on his way home from the Prague Conference. He pledged his full support for our project and will see it through to its conclusion. We agreed that some of **the wheelchairs should be held as 'stock'** at the hospitals and I have written to the Presidents of the Rotary Clubs involved so that they can decide the sizes required. As soon as this is done the order can be placed.

**"The Minister wished me to thank the Club and the Rotary Foundation for the interest we are taking in his country. He said we would be putting smiles on the faces of some very needy people, and changing their lives too. We can be proud of what you are doing."**

**The Hon Sir Louis Straker, Deputy Prime Minister and Foreign Minister of St Vincent and the Grenadines**

I prepared a Briefing Note for the meeting and Leslie is including a copy in the bulletin. It gives the up to date position with the project. On a personal note it has taken up a lot of my time over the past year but it has been interesting and worthwhile.

We are now on the brink of ordering the wheelchairs and just a few months away from delivery. The Minister wished me to thank the Club and the Rotary Foundation for the interest we are taking in his country. He said we would be putting smiles on the faces of some very needy people, and changing their lives too. We can be proud of what you are doing.

Eva Brook, Regional Director of Operations, Latin America and Caribbean, Wheelchairs Foundation USA is aware that many of us wish to be present for the Donation Ceremony in St Vincent and she knows we have November in mind.

### Running a Darts Marathon?

Set it up yourselves in your local Hall, Hotel or Marquee and use our equipment .

A well organised Darts Marathon can raise anything from £1500 to £20,000. Set up at one venue, with the correct equipment, it will look professional, give Rotary a high profile and boost your fund raising budget for the year. *(Enquiries welcome from organisations outside Rotary)*

- Easy to erect
- Each board separately lit
- Safety back board
- Plug in lighting
- All free - standing

## Fillipo Berio Young Chef National Final 2009

### Rebecca Mandall wins Third at Rotary Young Chef 2009

By Brian Billingham

Rebecca Mandall receiving her prize from Rotary RIBI President Ian Thomson and Diana Anderson Chief Judge and Marketing Manager of Phillippo Berio

Competing against three other girls and four boys at this year's Rotary Young Chef final at North Herts College, Hitchin on Saturday 2nd May, Rebecca Mandall, sponsored by Welwyn Garden City Rotary Club and representing Region 3 of RIBI (D1080, 1130, 1240 and 1260) finished third behind Hailey Vickers representing Region 5 and Susan Pattinson representing Region 7

Rebecca cooked a Lapsong Suchong smoked salmon confit starter with cucumber carpaccio, lemon and dill creme fraiche together with Hertfordshire watercress and caviar. Her main course comprised herb crusted rack of lamb served with sauteed spring greens, mashed swede, root vegetable crisps and rosemary jus while her dessert course comprised a mini assortment including orange posset, caramelised orange segments and candied zest, amoretto chocolate mousse torte with chocolate sauce and raspberry sorbet with peach pu-

ree. Rebecca's mother has said all along that she has achieved her success on her own and her ambition is to follow in the footsteps of those who judged her.

It was obviously very close between all eight dishes because it took them an hour and a quarter to come to their conclusions. The chair of judges, Diana Anderson of Filippo Berio noted as she and her fellow judges, Andrew Parkinson of Fifteen London, Sara Buenfield of BBC Good Food Magazine, Andrew Turner and Chris Tanner one of the Tanner Brothers who run Barbican Kitchen in the world famous Plymouth

Gin Distillery, announced the results that it had not been an easy choice.

Rebecca won £100 for finishing third, whilst Susan won £200 and Hailey won £250, a trip to Tuscany to visit Filippo Berio's olive groves as well as a one-day cookery session in the kitchen of Fifteen restaurant in London.

All contestants received a cheque and a glass trophy whilst Hailey took home the silver cup to keep for a year and a glass trophy to keep for all time engraved as Rotary Young Chef 2009.

Brian Billingham acknowledged the help and support District had received from the head of the Food Technology department at North Herts College and that provided by the members of Hitchin Tilehouse Club aided and abetted by their colleagues in the other three Hitchin Rotary Clubs. It was a brilliant day and they had done District 1260 proud.

**“she has achieved her success on her own and her ambition is to follow in the footsteps of those who judged her”**

Rebecca's prize winning meal

June Newsletter - deadline for copy - Monday 15th June 2009

## Rotary Friendship Exchange by Paul Ryall The Best of Rotary Fellowship Overseas

Happy Rotarians enjoying their Friendship Exchange in New Zealand

Yes – **we're back from New Zealand**, very tanned and happy, after meeting wonderful fellow Rotarians in another country, and hence making new friends and learning about other ways of life, all in the context of our magnificent international movement. We were hosted by 5 clubs, saw beautiful countryside, and visited every possible attraction, from THE Maori celebration to the main oil refinery and several boat trips and BBQs.

Above all, we had magnificent fellowship with lots of fine Rotarians, including 4 couples which we will be hosting here in June.

HOW ABOUT YOU NEXT TIME?

I currently have invitations from District 6420, in central Illinois from Chicago to the Mississippi, with a view to a visit there late 2009 or early 2010, and from Dist 9800 in Victoria, Oz, extending from Melbourne to Bendigo, probably May 2010. We already have some takers for Dist 7820, Eastern Canada, including

the Atlantic Islands, a spectacular area, probably for spring 2010. We have room for 1 or 2 more couples

Yarra Valley Vineyard, Victoria

**“Above all, we had magnificent fellowship with lots of fine Rotarians”**

We may not do all of these trips, BUT IT IS UP TO YOU.

PLEASE let me know ASAP if you are at all interested in any of them, and if so what time is best for you. I know it is some time ahead, but these things do take some time to plan. Contact me on [paulryall@tiscali.co.uk](mailto:paulryall@tiscali.co.uk), 01296 634929 or 07961 443533. Robert, Tony, John and Terry will also be happy to answer questions

## Classic MG cars in mass rally at Windsor

An MG on display at the Royal Windsor MG Heritage Festival  
Photo Copyright Derek Squires

More than 250 MG sports cars took part in a rally at Windsor Castle attended by the Duke of Edinburgh.

The parade of modern and classic MG cars celebrated the 85th anniversary of **the marquee's birth**. The **cavalcade** of vehicles gathered in Windsor and drove **round the castle's quadrangle**, where they were inspected by the Duke before being displayed in Windsor Great Park.

The event raised money for the Prince Philip Trust Fund and Rotary International and was organised by The Rotary Club of Windsor and Eton.

MG's on display at the Royal Windsor MG Heritage Festival
